To Whom It May Concern:

Coordinated Transportation Solutions has provided transportation for some of our outplaced students for several years.

We have consistently received excellent service from CTS. They are very responsive to questions, concerns and any issues that arise. They also have shown a sincere compassionate approach to making every attempt to fulfill requests that helped make students and parents more comfortable, such as changing routes or drivers when necessary.

Sincerely,

Kevin Keating

Director, Pupil Personnel Services
Ansonia Public Schools
