CTS Board of Directors Appoints Raj Nagpal as President & CEO to Advance our Mission of Accessible, Affordable, and Efficient Transportation

Trumbull, CT – October 6, 2026 – *Coordinated Transportation Solutions, Inc. (CTS) Board of Directors* has proudly appointed Raj Nagpal as President and Chief Executive Officer, effective October 1, 2026, following his service as Interim President and CEO.

Mr. Nagpal, who joined CTS as Chief Financial Officer in 2025, brings a powerful combination of financial acumen, strategic vision, and collaborative leadership, backed by more than 40 years of experience across the consumer-packaged goods, medical devices, and technology industries. During his tenure as Interim President and CEO, he demonstrated strong, steady leadership and a clear commitment to CTS' mission, reinforcing his ability to guide the organization forward.

"The Board congratulates Raj on this well-deserved appointment and thanks him for his leadership, dedication, and commitment to CTS throughout this important period of transition," said Pamela Green, Chair of the CTS Board of Directors. "We look forward to his continued leadership as CTS advances its strategic priorities and growth objectives."

"I am honored to lead CTS and grateful for the confidence the Board has placed in me," said Raj Nagpal, President and CEO of CTS. "CTS has an extraordinary opportunity to redefine what people should expect from non-emergency medical transportation—combining exceptional service, technology, operational excellence and a strong provider network to make access to care easier and more reliable. We have a talented team, and an important mission. I look forward to working with our employees and partners to accelerate our growth and make an even greater impact for the communities we serve."

As President and CEO, Mr. Nagpal will continue to build on that foundation to expand access to affordable, efficient transportation for transportation-disadvantaged individuals and communities while positioning CTS for sustained growth and long-term success.

About Coordinated Transportation Solutions, Inc.

Founded in 1997 and headquartered in Trumbull, Connecticut, Coordinated Transportation Solutions, Inc. (CTS) is a not-for-profit 501(c)(3) healthcare access organization dedicated to expanding the availability of cost-effective, efficient transportation for vulnerable individuals and communities. With more than 25 years of experience in non-emergency medical transportation (NEMT) administration and mobility management, CTS delivers integrated transportation solutions for government agencies, health plans, healthcare facilities, school districts, not-for-profit organizations, and injured workers programs. URAC-accredited and operating across a seven-state footprint, CTS manages more than 2.5 million trips annually, supporting Medicaid, Medicare, dual-eligible, Veterans, long-term services and supports (LTSS), and other populations in rural, urban, and suburban communities. Through person-centered service and transportation management expertise, CTS connects people with healthcare, education, and essential services.
