- Prior to going live, providers must supply their driver roster and the first OIG/SAM screening results for those drivers, which would fulfill the pre-hire requirements, when joining the CTS Transportation Provider network. Whether you elect below to conduct your own monthly Exclusion List Screenings (which are subject to audits by CTS) or the preferred method to have CTS conduct those, we will need your first searches and driver roster before any trips will be assigned to your organization.
- Please remember that as part of your hiring process, your organization should be performing pre-hire OIG/SAM searches before making a job offer to make sure that an applicant is not on the exclusion list.
- If you choose to complete your own Exclusion Screenings, you can utilize the below listed resources:
 - OIG - <http://exclusions.oig.hhs.gov/>
 - SAM - <https://www.sam.gov/portal/public/SAM/>
 - Foreign Assets Control Sanctions - <https://home.treasury.gov/policy-issues/office-of-foreign-assets-control-sanctions-programs-and-information>
 - National Sex Offender Registry - [United States Department of Justice National Sex Offender Public Website \(nsopw.gov\)](https://www.ncjrs.gov/pdffiles1/nij/201101.pdf)

Action Required: CTS offers Exclusion List Screening services to all our transportation providers. If your organization would like to opt into this service, CTS will conduct the monthly screening for the organization and its employees. Please indicate below whether you will be using this service or choose to conduct your own screenings each month.

- Our Organization will conduct our own pre-hire and monthly Exclusion List Screenings and acknowledge CTS may request evidence of these screenings whenever necessary.
- Our Organization elects to have CTS conduct monthly Exclusion List Screenings on behalf of our Organization and employees. Our Organization acknowledges that we remain responsible for pre-hire screenings.

Record Retention

- Our Organization stores proper documentation in a safe and secure facility with back-up capabilities for at least ten (10) years following the end of the Agreement and will supply documentation to support the above responses upon request.
